MAGOOSH STUDY SCHEDULE

# The Enhanced ACT One-Month Study Schedule

Updated for the Enhanced ACT

Magoosh

act.magoosh.com

*Updated for the Enhanced ACT. Four weeks, about 90 minutes a day, five days a week, plus practice tests on the weekends.*

## Introduction

You have one month until your ACT, and you are ready to commit. This schedule gives you a day-by-day plan built on the Enhanced ACT: the shorter test, with English, Math, and Reading making up your Composite score and Science and Writing optional.

**This is the intensive plan.** Most days run about 90 minutes, because one month is not much time and we want to cover the topics that show up most. If you have two months, our two-month schedule covers more ground at about an hour a day. If one month is what you have, 90 minutes a day is the realistic price of a better score, and the plan is built so a busy day can stop early without losing the thread.

By the end of the month you will have taken three full practice tests (four if you take the optional one), worked through the lessons that cover the most frequently tested topics, and answered a few hundred practice questions with explanations. That is solid prep for one month.

## What's on the Enhanced ACT

| Section | Questions | Time | Counts toward your Composite? |
|---|---|---|---|
| English | 50 | 35 min | Yes |
| Math | 45 | 50 min | Yes |
| Reading | 36 | 40 min | Yes |
| Science | 40 | 40 min | No (optional) |
| Writing (essay) | 1 essay | 40 min | No (optional) |

Your Composite is the average of English, Math, and Reading, so the core of this schedule is those three sections. If you are also taking Science or Writing, every week has clearly marked optional blocks for them.

## How This Schedule Works

**Time estimates are honest.** Each day lists a time for every item, and the day's total is the sum plus a few minutes for logging in and getting set up. Lesson times include a minute to load and move between videos. Quiz and practice times include reading the explanations, which is where most of the learning happens. If a day says 90 minutes, plan on 90 minutes. If you only have 45, do the first half and finish the rest tomorrow.

**Start with a diagnostic.** Kickoff weekend is ACT Test 1. Your results tell you where your points are hiding, and you will come back to them all month.

**Quiz first when you can.** Most Magoosh study modules have a short quiz. If you think a day's topic is already a strength, take the quiz before the lessons. Five out of five? Skip the lessons and spend the time on something from your weak-spot list. Missed any? Watch the lessons.

**Read every explanation.** For each question you miss, read the text or video explanation and jot down why you missed it. Keep these notes in one place. Your "Your Pick" days and test reviews are built around this list.

**Day 5 is Your Pick.** Days 1 to 4 each week are assigned. Day 5 is yours: review your latest test, run custom practice in your weakest area, and work through one module of your choosing. Not sure what to pick? Each Your Pick day comes with a suggestion.

**Weekends are for tests and catching up.** Practice tests land on the weekends after Weeks 2 and 3 so you can take them in one sitting. The weekend after Week 1 is your choice: take another full test if you want the extra data, or use it to catch up on anything you missed, plus the optional Desmos session and Science or Writing work. Magoosh has more than a dozen full-length Enhanced ACT tests, so you will never run out. If you took the free Magoosh practice test before signing up, that was ACT Test 3; the optional weekend tells you what to take instead.

## Where to Spend Your Time

Based on our analysis of official Enhanced ACT forms, here is how often topics show up. This schedule covers the "Most common" and "Common" topics in full. "Less common" topics appear as Your Pick suggestions.

**English** - Most common: writer's goal and adding/deleting sentences · transitions and sentence order · run-ons and sentence structure · word choice and tone - Common: commas · dashes, colons, and semicolons · best illustration (choosing the most specific detail) · wordiness and redundancy - Less common: subject–verb agreement · pronouns · verb tense · idioms

**Math** - Most common: word problems and modeling · lines, slope, and the coordinate plane · percents, ratios, and proportions · quadratics and factoring · function notation - Common: area, perimeter, and volume · probability · reading graphs and tables · mean and median · right triangles and SOHCAHTOA · exponents and roots - Less common: complex numbers · sequences · matrices · logarithms · the unit circle

**Reading** - Most common: detail questions ("According to the passage...") and line references - Common: author's purpose · inference · main idea · meaning of words in context · comparison passages - Less common: author's voice · graphs and charts with a passage

## What You'll Need

- Your Magoosh ACT Premium account. Every lesson, quiz, practice set, and practice test in this schedule is inside your account.

- A notebook or notes app for your weak-spot list.
- **Online or on paper?** Find out how you will take the ACT. If you are testing online, you will have a built-in Desmos graphing calculator, and this schedule includes a Desmos session marked "Testing online?" If you are testing on paper, bring your own approved calculator and skip those items.

## Taking Science or Writing?

Blocks marked **Optional: Science** and **Optional: Writing** appear each week, with their own time totals so they never crowd out the core work. Take the Science section on your practice tests if you are taking it on the real thing. Skip these blocks entirely if you are not taking those sections.

THE SCHEDULE

# Your Day-by-Day Plan

## KICKOFF WEEKEND Get Your Starting Data

*2 hr 10 min · Science +40 min*

- **(2 hr 5 min) Take ACT Test 1.** Go to Practice Tests and take English, Math, and Reading. Short on time? Use the buttons at the top to take one section at a time, for example English and Reading on Saturday and Math on Sunday.
- Taking Science? Add the Science section (40 min).
- Don't review yet. That is what Day 1 is for.

## Week 1 — Strategies and Your Biggest Topics

*"The secret of getting ahead is getting started." – Mark Twain*

## DAY 1 Review Your Diagnostic

1 HR 30 MIN · WRITING +30 MIN

### Test review

- (60 min) Click through your ACT Test 1 results. Read the explanation for every question you missed, starting with your weakest section. Start your weak-spot list: for each miss, write the topic, why you missed it, and what you will do differently. If an explanation has a **Related Lessons** link, note the lesson.

### English

- (6 min) Watch Introduction to the ACT English Test.
- (8 min) Watch ACT English Question Types.
- (10 min) Take the English Strategies Quiz and read the explanations.

### Optional: Writing

- (14 min) Watch Introduction to the Essay.
- (12 min) Watch Example Essay Prompt.

## DAY 2 Math Strategies and Reading Basics

1 HR 25 MIN · SCIENCE +25 MIN

### Math

These strategy lessons pay off on every Math topic, so they come first.

- (3 min) Watch Intro to ACT Math.
- (5 min) Watch Calculator Use and Mental Math.
- (4 min) Watch The Use and Abuse of Formulas.
- (7 min) Watch Math Strategy: Picking Numbers - Part I.
- (9 min) Watch Math Strategy: Picking Numbers - Part II.
- (9 min) Watch Math Strategy: Backsolving.
- (10 min) Take the Math Strategies Quiz and read the explanations.

### Reading

- (11 min) Watch Introduction to the ACT Reading Test.
- (9 min) Watch ACT Reading Passage Types.
- (10 min) Watch Approaching Passages.

### Optional: Science

- (7 min) Watch Intro to the ACT Science Test.
- (14 min) Watch How to Read the ACT Science Test.

## DAY 3 Writer's Goal (the #1 English Topic) and Reading Question Types

1 HR 25 MIN · WRITING +25 MIN

### English

Writer's goal and adding/deleting sentences are the most common English questions on the Enhanced ACT.

- (9 min) Watch Writer's/Essay Goal.
- (10 min) Watch Adding or Deleting Sentences.
- (10 min) Take the Rhetorical Strategy Quiz and read the explanations.
- (30 min) Do the Rhetorical Strategy Practice set and read the explanations for every miss.

### Reading

- (10 min) Watch ACT Reading Question Types.
- (11 min) Watch Trap Answer Choices.

### Optional: Writing

- (11 min) Watch Time Management.
- (10 min) Watch Scoring.

## DAY 4 Word Problems and Percents

1 HR 30 MIN · SCIENCE +30 MIN

### Math

Word problems are the most common Math question type.

- (8 min) Watch Assigning Variables.
- (9 min) Watch Writing Equations.
- (10 min) Watch Number of Variables.
- (10 min) Take the Word Problems Quiz #1 and read the explanations.
- (10 min) Take the Word Problems Quiz #2 and read the explanations.
- (7 min) Watch Intro to Percents.
- (5 min) Watch Working with Percents.
- (10 min) Take the Percents Quiz #1 and read the explanations.

### Reading

- (14 min) Watch Basic Strategies.

### Optional: Science

- (13 min) Watch Pacing on the ACT Science Test.
- (15 min) Take the Science Strategies Quiz and read the explanations.

## DAY 5 Your Pick

1 HR 15 MIN

### Your Pick

- (20 min) Go back to ACT Test 1. In your weakest section, read the explanations for questions you have not reviewed yet, and add to your weak-spot list.
- (20 min) Launch a 10-question Custom Practice session in your weakest section, and read every explanation.
- (30 min) Pick one module from your weak-spot list on your English, Math, or Reading dashboard. Quiz first; watch the lessons if you miss any.

### Not sure what to pick? Try English style, a quick win

- (6 min) Watch Redundant Meanings.
- (5 min) Watch Concision and Wordiness.
- (6 min) Watch Clarity in Phrasing.
- (10 min) Take the Style Quiz and read the explanations.

## WEEKEND Your Choice, Another Test or a Catch-Up Weekend

DESMOS +35 MIN · WRITING +25 MIN

### Everyone

- **Want more data?** Take ACT Test 3 (2 hr 5 min, plus 40 min if you are taking Science). Already took Test 3 as the free Magoosh practice test before you signed up? Take ACT Test 12 instead. Review it on your Your Pick day next week.
- **Behind, or just tired?** Skip the test. Finish anything you did not get to this week, reread your weak-spot notes, and take a real break. A good catch-up weekend is worth more than a rushed test.

### Optional: Testing online?

The built-in Desmos calculator can turn a tough algebra question into a quick graph.

- (8 min) Watch Getting Started with Desmos.
- (7 min) Watch Desmos: Systems of Equations and Inequalities.
- (6 min) Watch Desmos: Quadratics and Parabolas.
- (10 min) Take the Desmos Quiz and read the explanations.

### Optional: Writing

- (11 min) Watch Planning the Essay.
- (14 min) Watch The Thesis.

## Week 2 — Sentence Structure, Lines, and Algebra

*"Doing the best at this moment puts you in the best place for the next moment." – Oprah Winfrey*

## DAY 1 Run-ons, Fragments, and Percent Change

1 HR 30 MIN · WRITING +30 MIN

### English

- (8 min) Watch Dependent and Independent Clauses.
- (11 min) Watch Run-on Sentences and Comma Splices.
- (7 min) Watch Sentence Fragments.
- (30 min) Do the Sentence Structure Practice set and read the explanations for every miss.

### Math

- (11 min) Watch Percent Increases.
- (8 min) Watch Percent Decreases.
- (10 min) Take the Percents Quiz #2 and read the explanations.

### Optional: Writing

- (12 min) Watch Coming Up With Examples.
- (15 min) Watch How to Wow the Graders.

## DAY 2 Slope and Intercepts, Detail Questions

1 HR 30 MIN · SCIENCE +25 MIN

### Math

- (12 min) Watch Slope.
- (7 min) Watch Intercepts.
- (7 min) Watch Graphing Lines.
- (10 min) Take the Coordinate Geometry Quiz #1 and read the explanations.
- (10 min) Take the Coordinate Geometry Quiz #2 and read the explanations.

### Reading

Detail questions are the most common Reading question. The secret is going back to the passage instead of answering from memory.

- (6 min) Watch Detail Questions Intro.
- (9 min) Watch Using Key Words.
- (10 min) Take the Detail Questions Quiz and read the explanations.
- (12 min) Watch Pacing & Guessing Strategies for Reading.

### Optional: Science

- (11 min) Watch Understanding Tables, Graphs, and Figures.
- (11 min) Watch Finding Trends and Patterns.

## DAY 3 Commas, Ratios, and Line References

1 HR 25 MIN · WRITING +25 MIN

### English

- (12 min) Watch Commas I.
- (8 min) Watch Commas II.
- (10 min) Take the Punctuation Quiz #1 and read the explanations.

### Math

- (11 min) Watch Intro to Ratios.
- (8 min) Watch Ratios and Rates.
- (10 min) Take the Ratios Quiz and read the explanations.

### Reading

- (9 min) Watch Line Reference Questions.
- (10 min) Take the Line Reference Quiz and read the explanations.

### Optional: Writing

- (16 min) Watch Structuring the Essay.
- (8 min) Watch The Introduction.

## DAY 4 Algebra Foundations and Organization

1 HR 35 MIN · SCIENCE +25 MIN

### Math

- (8 min) Watch Simplifying Expressions.
- (8 min) Watch Basic Equation Solving.
- (9 min) Watch Two Equations, Two Unknowns - I.
- (12 min) Watch Two Equations, Two Unknowns - II.
- (10 min) Take the Intro to Algebra Quiz #1 and read the explanations.
- (10 min) Take the Intro to Algebra Quiz #2 and read the explanations.

### English

- (9 min) Watch Transitions.
- (10 min) Watch Ordering Sentences and Paragraphs.
- (10 min) Take the Organization Quiz and read the explanations.

### Optional: Science

- (8 min) Watch Linking Tables and Graphs.
- (15 min) Take the Interpretation of Data Quiz and read the explanations.

## DAY 5 Your Pick

1 HR 15 MIN

### Your Pick

- (20 min) Took the optional test last weekend? Review it now: read every explanation for a miss and update your weak-spot list. If not, go back to ACT Test 1 and read explanations for 3–4 questions you have not reviewed yet.
- (20 min) Launch a 10-question Custom Practice session on your weakest Math topic, and read every explanation.
- (30 min) Pick one module from your weak-spot list on your section dashboard. Quiz first; watch the lessons if you miss any.

### Not sure what to pick? Try equations of lines

- (12 min) Watch Writing Equations of Lines.
- (10 min) Watch Slope-Intercept Form.
- (10 min) Take the Coordinate Geometry II Quiz and read the explanations.

## WEEKEND Practice Test #2

2 HR 5 MIN · WRITING +55 MIN

### Test

- **(2 hr 5 min) Take ACT Test 2 at Practice Tests. Do English, Math, and Reading in one sitting this time, with the short break after Math, just like the real test. Find a quiet place, and turn off your phone.**
- Taking Science? Add the Science section (40 min).
- Don't review yet. Day 1 of Week 3 is your review day.

### Optional: Writing

- (45 min) Do the Practice Essay #1 set and read the explanations for every miss.
- (10 min) Reread your essay against the rubric in the Scoring lesson. Note one thing to do better next time.

# Week 3 — Quadratics, Geometry, and Reading Skills

*"When we do the best we can, we never know what miracle is wrought in our life or in the life of another." – Helen Keller*

## DAY 1 Review Practice Test #2

1 HR 25 MIN · SCIENCE +20 MIN

### Test review

- (60 min) Click through your ACT Test 2 results. How does your score compare with Test 1? Read the explanation for every miss, weakest section first, and update your weak-spot list. Which weak spots improved, and which are still there?
- (20 min) Launch a 10-question Custom Practice session on the topic that cost you the most points, and read every explanation.

### Optional: Science

- (20 min) Review your Science misses on Test 2. Which passage type gave you trouble: data, experiments, or conflicting viewpoints?

## DAY 2 Quadratics and Factoring, Dashes and Colons

1 HR 25 MIN · WRITING +20 MIN

### Math

- (10 min) Watch Factoring - Quadratics.
- (12 min) Watch Factoring - Difference of Two Squares.
- (8 min) Watch Quadratic Formula.
- (10 min) Take the Quadratics Quiz #1 and read the explanations.
- (10 min) Take the Quadratics Quiz #2 and read the explanations.

### English

- (7 min) Watch Colons.
- (6 min) Watch Dashes.
- (6 min) Watch Semicolons.
- (10 min) Take the Punctuation Quiz #2 and read the explanations.

### Optional: Writing

- (10 min) Watch The Body Paragraphs.
- (6 min) Watch The Conclusion.

## DAY 3 Triangles and Comparison Passages

1 HR 35 MIN · SCIENCE +25 MIN

### Math

- (12 min) Watch Triangles - Part I.
- (13 min) Watch Triangles - Part II.
- (13 min) Watch Right Triangles.
- (10 min) Take the Intro to Geometry Quiz and read the explanations.
- (10 min) Take the Triangles Quiz and read the explanations.

### Reading

Every Reading section has one pair of passages, and several of its questions ask you to compare them.

- (9 min) Watch Comparison Passages.
- (10 min) Take the Comparison Passages Quiz #1 and read the explanations.
- (10 min) Take the Comparison Passages Quiz #2 and read the explanations.

### Optional: Science

- (9 min) Watch Intro to Science Test Passage Types.
- (12 min) Watch Attacking Science Passages.

## DAY 4 Word Choice, Averages, and Author's Purpose

1 HR 35 MIN · SCIENCE +30 MIN

### English

- (7 min) Watch Best Illustration Questions.
- (12 min) Watch Word Choice.
- (10 min) Take the Rhetorical Strategy II Quiz and read the explanations.

### Math

- (11 min) Watch Mean, Median, Mode.
- (6 min) Watch More on Mean and Median.
- (9 min) Watch Weighted Averages.
- (10 min) Take the Statistics Quiz and read the explanations.

### Reading

- (11 min) Watch Author's Method (Purpose).
- (10 min) Take the Author's Purpose Quiz and read the explanations.

### Optional: Science

- (11 min) Watch The Conflicting Viewpoints Passage.
- (15 min) Take the Science Passages Quiz and read the explanations.

## DAY 5 Your Pick

1 HR 15 MIN

### Your Pick

- (20 min) Go back to ACT Test 2 and read explanations for 3–4 questions you have not reviewed yet.
- (20 min) Launch a 10-question Custom Practice session in your weakest Reading or English question type, and read every explanation.
- (30 min) Pick one module from your weak-spot list on your section dashboard. Quiz first; watch the lessons if you miss any.

### Not sure what to pick? Try area and perimeter

- (12 min) Watch Area of Quadrilaterals.
- (14 min) Watch Quadrilaterals.
- (10 min) Take the Quadrilaterals Quiz and read the explanations.

## WEEKEND Practice Test #3

2 HR 5 MIN · WRITING +55 MIN

### Test

- **(2 hr 5 min) Take ACT Test 11 at Practice Tests: English, Math, and Reading in one sitting. This is your dress rehearsal, so match real conditions as closely as you can.**
- Taking Science? Add the Science section (40 min).
- Don't review yet. Day 1 of Week 4 is your review day.

### Optional: Writing

- (45 min) Do the Practice Essay #2 set and read the explanations for every miss.
- (10 min) Compare this essay with your first one. What improved?

# Week 4 — Fill the Gaps and Finish Strong

*"I find that the harder I work, the more luck I seem to have." – Thomas Jefferson*

## DAY 1 Review Practice Test #3, Inference

1 HR 25 MIN · SCIENCE +25 MIN

### Test review

- (60 min) Click through your ACT Test 11 results and read every explanation for a miss. The weak spots still on your list after three tests are your targets for this week.

### Reading

- (10 min) Watch Inference.
- (10 min) Take the Inference Quiz and read the explanations.

### Optional: Science

- (13 min) Watch The Scientific Method.
- (12 min) Watch Answering "Yes/No, Because" Questions.

## DAY 2 Function Notation, Exponents, and Subject–Verb Agreement

1 HR 35 MIN · WRITING +30 MIN

### Math

Function notation shows up on every Enhanced ACT Math section.

- (14 min) Watch Function Notation.
- (10 min) Take the Function Notation Quiz and read the explanations.
- (11 min) Watch Intro to Exponents.

- (12 min) Watch Law of Exponents - I.
- (10 min) Take the Powers and Roots Quiz and read the explanations.

### English

- (9 min) Watch Subject Verb Agreement.
- (10 min) Take the Subject-Verb Agreement Quiz and read the explanations.

### Reading

- (11 min) Watch Main Idea.

### Optional: Writing

- (14 min) Watch The Importance of Style.
- (12 min) Watch Top Grammar Rules for the Essay.

## DAY 3 Probability, Graphs and Tables, Pronouns

1 HR 35 MIN · SCIENCE +40 MIN

### Math

- (7 min) Watch Intro to Probability.
- (9 min) Watch Complementary Events and Simple Rules.
- (10 min) Take the Probability Quiz and read the explanations.
- (5 min) Watch Types of Graphics.
- (5 min) Watch Tables of Values.
- (5 min) Watch Histograms.
- (10 min) Take the Data Interpretation Quiz and read the explanations.

### English

- (8 min) Watch Parenthetical Information.
- (8 min) Watch Pronoun Agreement.
- (10 min) Take the Sentence Structure II Quiz and read the explanations.

### Reading

- (10 min) Watch Meaning of Words.

### Optional: Science

- (12 min) Watch Finding Clues in the Answer Choices.
- (24 min) Do the Interpretation of Data Practice set and read the explanations for every miss.

## DAY 4 Circles, SOHCAHTOA, and Solids

1 HR 30 MIN · WRITING +55 MIN

### Math

- (7 min) Watch Circles.
- (11 min) Watch Circle Properties.
- (10 min) Take the Circles Quiz and read the explanations.
- (15 min) Watch Intro to SOHCAHTOA.
- (10 min) Take the Trigonometry Quiz and read the explanations.
- (8 min) Watch Rectangular Solids.
- (10 min) Take the Spatial Geometry Quiz and read the explanations.

### Reading

- (11 min) Watch Informational Passages: Science.

### Optional: Writing

- (6 min) Watch Proofreading Your Essay.
- (45 min) Do the Practice Essay #3 set and read the explanations for every miss.

## DAY 5 Light Review

40 MIN

### Review

- (15 min) Read through your weak-spot list. Write down the three rules or strategies you most want to remember on the day of the test.
- (20 min) Retake the two quizzes that gave you the most trouble this month. Can you get 5 out of 5 now?
- Then stop. No cramming. Do something you enjoy and go to bed early.

## Test Day

- No last-minute prep. Eat a full breakfast, do something that relaxes you, and give yourself plenty of time to get to the test center.
- Bring your admission ticket, photo ID, an approved calculator (if you are testing on paper), a drink, and a snack.
- You have put in a month of steady work and at least three full practice tests. Walk in ready to show it.

## Your Pick: More Suggestions

Use these on Your Pick days or whenever you finish early. Quiz first; watch the lessons if you miss any.

**Still shaky on the basics?** - Fractions: Intro to Fractions, Operations with Fractions, then the Fractions Quiz - Roots: Square Roots, Simplifying Roots, then the Powers and Roots Practice - Grammar: Grammar Basics Part 1 and Part 2, then the Grammar Basics Quiz - Reading passage types: Literary Narrative Passages, Humanities, Social Science, each with its own quiz on your Reading dashboard

**Aiming for a top score? Less common topics worth a look** - Complex numbers (about two questions per test): Complex Number Basics, Arithmetic with Complex Numbers, then the Complex Numbers Quiz - Sequences: Intro to Sequences, Arithmetic Sequences, then the Sequences Quiz - Volume: Prisms & Pyramids, Cylinder, Cones, Spheres - Similar triangles: Similar Triangles, then the Triangles II Quiz - Transformations of functions: Transformations of Functions - English usage: Conjunctions, Who vs. Whom, Idioms, then the Usage Quiz - English tone: Tone, then the Tone Quiz - Reading: Author's Voice and Visual Quantitative Info

## What Kind of Question Was That?

Not sure how to name a question you missed? Use these clues.

## English

| If the question... | It's testing... | Where it is in this schedule |
|---|---|---|
| asks whether to **add or delete** a sentence, or whether the passage **meets a goal** | Writer's Goal | Week 1, Day 3 |
| asks for the most **specific, vivid, or relevant** detail | Best Illustration | Week 3, Day 4 |
| offers **transition words** (*However, Therefore*) or asks where a sentence **belongs** | Organization | Week 2, Day 4 |
| has choices that are **different words with similar meanings** | Word Choice / Tone | Week 3, Day 4 |
| has choices that differ in **periods, commas, and semicolons that join or split sentences** | Run-ons / Fragments | Week 2, Day 1 |
| has choices that differ only in **commas** | Commas | Week 2, Day 3 |
| has choices that differ in **dashes, colons, or semicolons** | Other Punctuation | Week 3, Day 2 |
| has one choice that is much **shorter**, or choices that **repeat** an idea | Wordiness | Week 1, Day 5 suggestion |
| has choices that differ in **verb form** (*is/are*) or **pronouns** (*it/they*) | Grammar and Usage | Week 4, Days 2 and 3 |

### Reading

| If the question says... | It's testing... | Where it is in this schedule |
|---|---|---|
| "According to the passage..." or points to specific lines | Detail / Line Reference | Week 2, Days 2 and 3 |
| "Passage A" and "Passage B" | Comparison Passages | Week 3, Day 3 |
| "The main purpose of the paragraph..." or "The author includes ... in order to..." | Author's Purpose | Week 3, Day 4 |
| "It can reasonably be inferred..." | Inference | Week 4, Day 1 |
| "As it is used in line X, the word ... most nearly means" | Meaning of Words | Week 4, Day 3 |
| "main idea," "primarily about" | Main Idea | Week 4, Day 2 |

### Math

Math questions are usually easy to name ("percents," "slope," "probability"). In Custom Practice you can choose questions by Math topic, and your Math dashboard lists a module for every topic.

## Have More Than a Month?

Good news: you have room to go deeper. Our two-month and three-month ACT study schedules follow the same approach with every module covered and more practice tests. If your test is sooner than a month, start this schedule at Week 1 and take the practice tests as your weekends allow. Finished early and want more full tests? Your account has more than a dozen. Go to Practice Tests and take ACT Test 12 or 13 next, then any other numbered test you have not taken.
